A QUANTA SERVICES COMPANY

**Pipeline &
Facilities
Division**

About Mears

Mears provides safe, high-quality, cost-efficient construction, maintenance, and integrity services to the owners of underground infrastructure in North America.

Our commitment to deliver unparalleled services to our clients, their customers, and our shared communities, is reinforced by our Core Values:

SAFETY

QUALITY

OWNERSHIP

INTEGRITY

SERVICE

TEAM

Local Presence Nationwide Strength

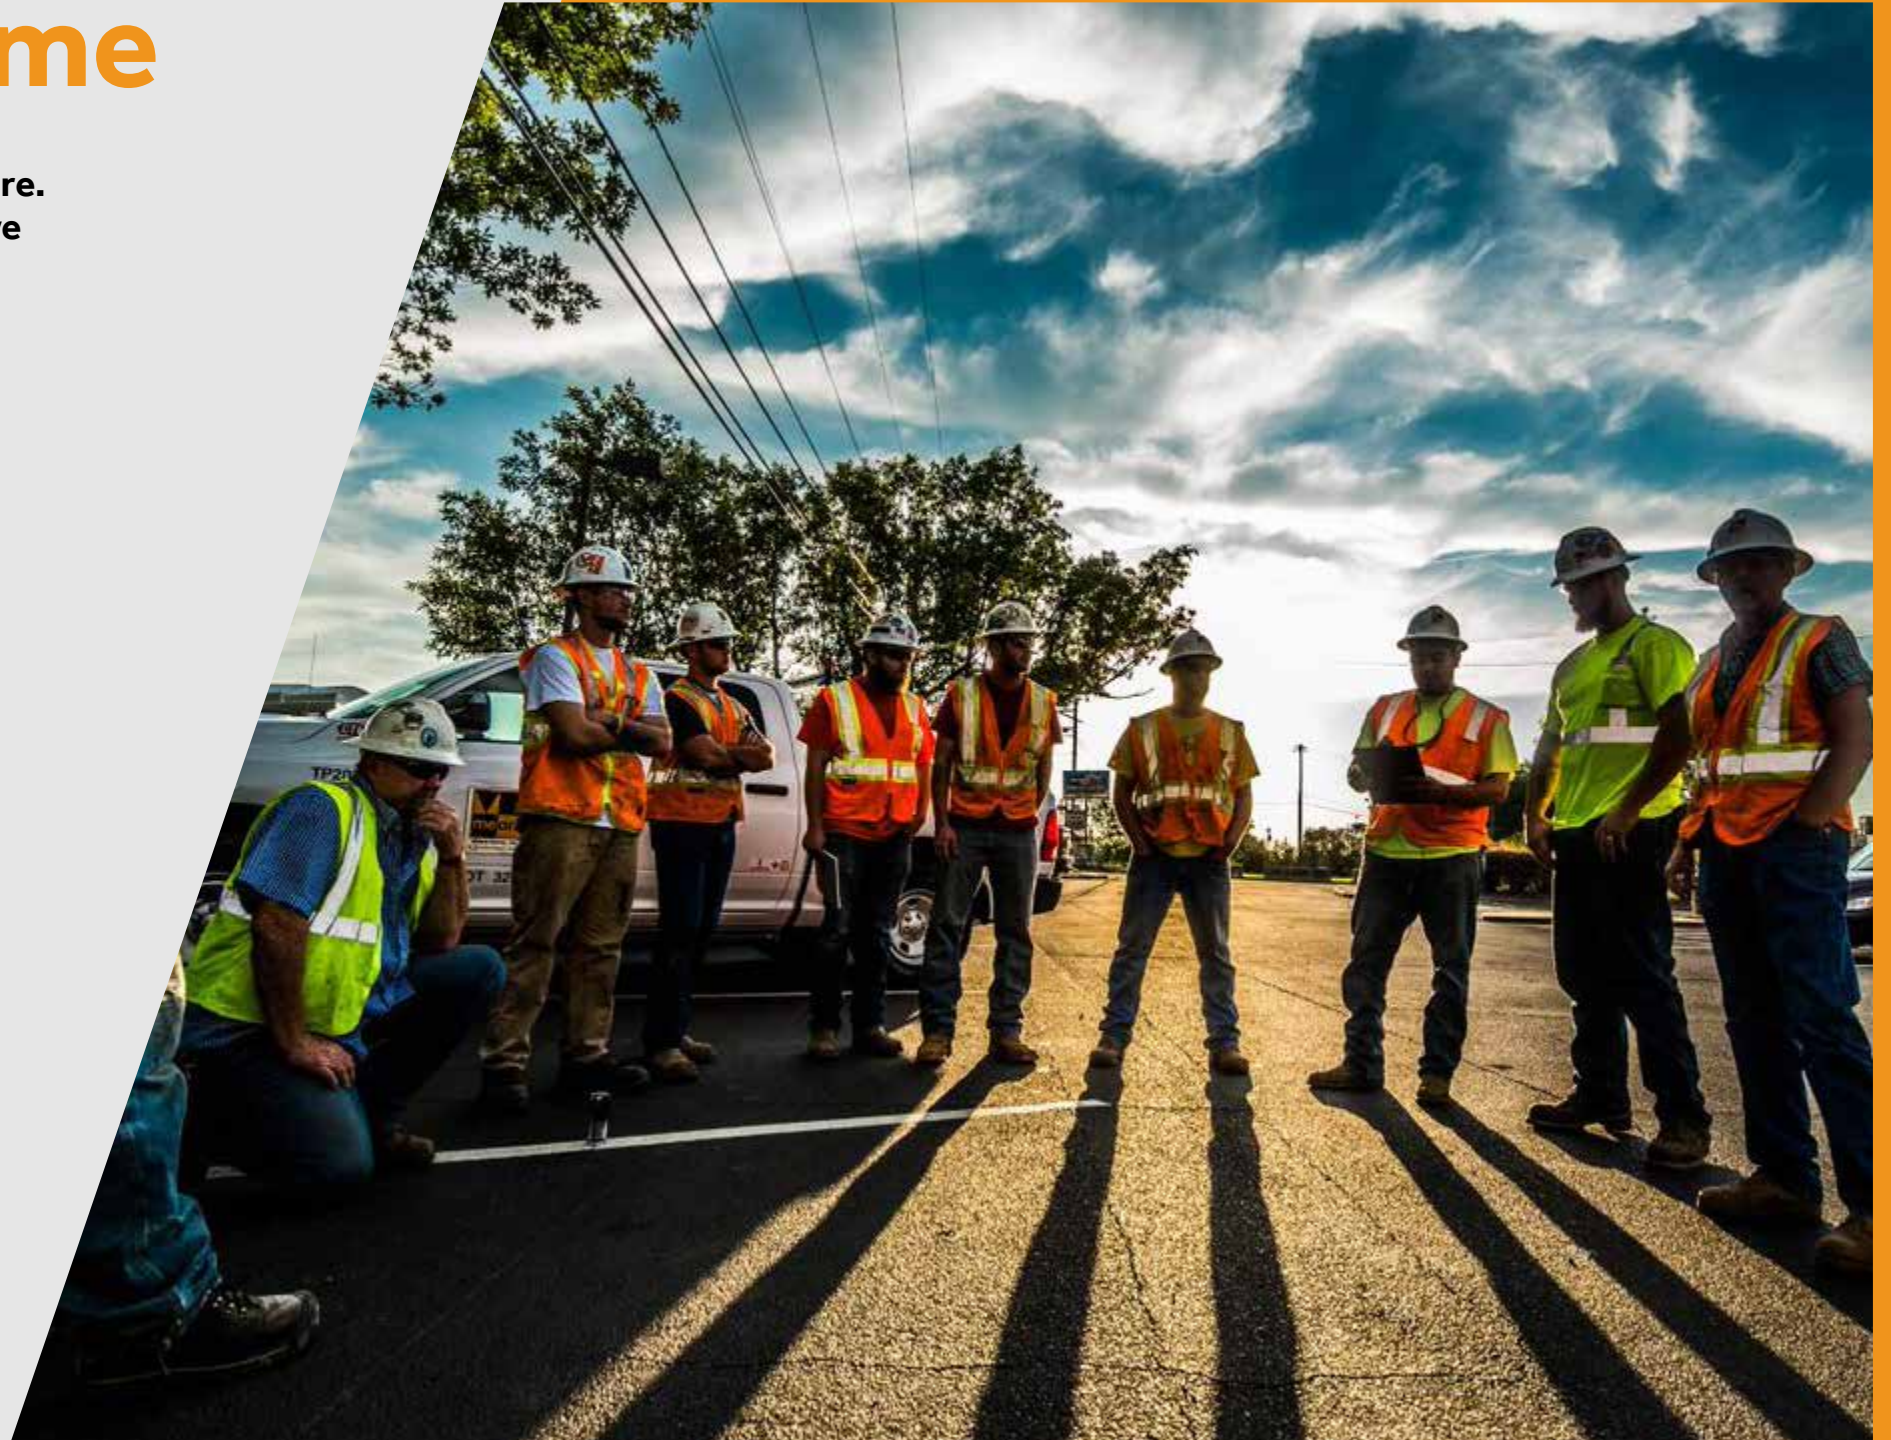

Safety Brings You Home

Mears operates safely in every situation. Safety is ingrained in our culture. We expect to complete all projects without incident or injury because we believe it is our duty to do so.

Safety is a core value represented from the top down

- Proven history with one of the lowest TRIR rates in the industry
- Robust programs in behavior-based safety, situational awareness, risk and hazard identification, and short-service employee mentorship
- Established, and well regarded, in ISNetwork, Veriforce, NCCER, and Energy WorldNet
- “Goal Zero” is a journey we have proven to be achievable!

Pipeline & Facilities Capabilities

Mears provides comprehensive pipeline and facility infrastructure construction, fabrication, replacements, repairs, and maintenance services to pipeline and facility owners throughout North America.

Our experienced staff deliver singular and/or compounded services to ensure the various needs of projects and programs are successfully completed in a safe, economical manner to best benefit the client.

Pipeline
